openSUSE Conference

18-22 July, 2013

Thessaloniki, Greece

oSC13

From 18-22 July, 2013 the openSUSE Conference (oSC13) will bring together a wide variety of Open Source contributors to collaborate on one of the major Linux distribution projects.

[View details »](#)

Program

Most sessions at oSC13 will evolve around our project, our technology and the Free and Open Source software (FOSS) community in the vicinity of us. Meet many of the people that make FOSS happen, learn from and have fun with them.

Sponsors Making it possible

SUSE is the original provider of the enterprise Linux distribution and the most interoperable platform for mission-critical computing. It's the only Linux recommended by VMware, Microsoft and SAP. And it's supported on more hardware and software than any other enterprise Linux distribution.

You?

Expose your brand to a wide variety of participants, enable oSC13 to be free of charge for all participants and support contributors with financial constraints to attend the event. Interested? Read our [sponsorship brochure](#) to find out about your options.
